### **DETAILED ACTION**

1. This application has been examined.
2. The amendment filed 6/18/07 has been entered.
3. Claim 15 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 15 recites the limitation "storage medium" in line 10. There is insufficient antecedent basis for this limitation in the claim. The earlier recitation that had appeared in the claim has been amended and is no longer there.
4. Claims 8, 18, 21-22 are allowable over the prior art of record. These claims distinguish over the art in that the camera is temporarily connected to the processing system at the shop with the photographed image data being read from that recorded in the memory of the digital camera to the memory of the controller means. Shiota et al come close with this feature, but do not determine a processing software based on the camera ID at the shop, while also preserving the photographed image data in the camera's memory. The features combined are not set forth in the prior art of record.

Art Unit: 2174

5. Applicant's arguments with respect to claim 15 have been considered but are moot in view of the new ground(s) of rejection. Examiner attempted to contact applicant's representative. Please contact Examiner at 571-272-4072 to expedite remedy to this rejection.

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
